

# **SCHOOL CONNECTED**

Fundraising Program

# What is School Connected?

We are a Nationwide Authorized Distributor for all the major Internet companies like Spectrum, AT&T, Century Link, and more. We specialize in getting families connected with internet, TV, phone, wireless plans, and home security. All the while finding the best deals available to them with the fastest speeds. With Covid-19 running rampant all over the world, we are beginning to see the importance of being connected online to receive a proper education. Let School Connected bridge that gap for your families who don't have internet and let us help those families who might be overpaying for their internet.

Best of all. Your School gets compensated by us for every account that we close!

# About School Connected

- No Cost to Become a Partner, no cost or surcharges to your parents! Completely FREE!
- We handle everything which means no training for your faculty
- We will supply you with e-marketing material for your parents
- We build you a partner site to refer your parents to.
- Monthly Reporting available
- One stop-shop for Home Services like internet, television, phone, wireless, etc
- We are national and are partnered with over 1,250 partners

# Benefits of using School Connected

- We help get your students connected with reliable internet
- Low-income internet plans available in pre-determined areas for some of your families.
- We can help most parents who have existing internet by finding them better deals, faster speeds, or in some cases both.
- Covid-19 Friendly. We need no physical interaction with the parents. Everything is done over the phone. Same with students, they can simply email or mail marketing material to friends and family.
- New source of funding for your school/organization. Not your traditional fundraiser.
- We provide a service that every household needs.
- Get compensated for something families are bound to sign up for.

# About our School Connected Partner Sites

A branded site specifically made for your school so that your parents have cohesiveness when inquiring about getting connected.

This site is used to refer your parents to so they may begin their connecting process. Here they will enter their contact information, address, select the classroom and then select their student or enter student ID so that we can track referrals down to the student level.

The screenshot displays the 'School Connected Program' website. At the top, the URL is <https://www.myschoolconnected.com/sample-page>. The page features the Ontario-Monclair School District logo and a welcome message: 'Welcome to the School Connected Program. Enter your address below to begin getting connected!'. A contact form includes fields for First Name, Phone Number, Last Name, Email, Address, City, Zip Code, and State. A red 'Next' button is positioned below the form. The background of the page shows a blurred image of a school building. At the bottom, a section titled 'Why use the School Connected Program.' lists four benefits with corresponding icons: 'Fast & Free' (running person icon), 'Save Money' (piggy bank icon), 'Get Connected' (Wi-Fi symbol icon), and 'School Funded' (stack of money icon).

**Fast & Free**  
Don't spend hours looking around for the providers in your area. Let us do it for you.

**Save Money**  
Our Home Solution Specialists are trained to find you the best deals possible.

**Get Connected**  
Once you select the best package for you and your family. Our professional

**School Funded**  
After your services have been installed and active for at least 30 days your school will

# Other Ways to send parent referral

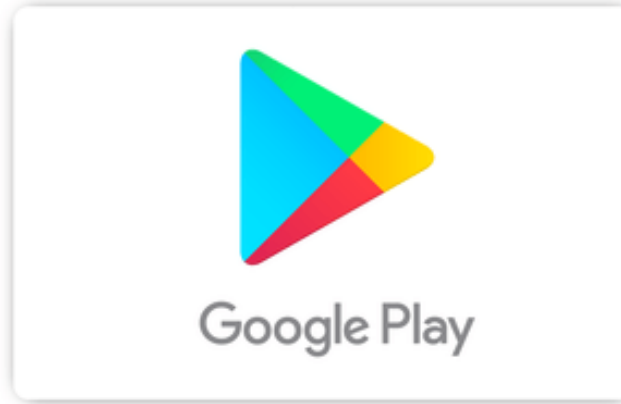

- Direct parent to fill out information on your partner site.
  - You can direct your parents to your partner site URL.
  - We can embed your partner site onto your school website.
- Have your parents call us directly at 866-866-8282. We will ask for School Name, Classroom, and Student ID
- Distribute flyer to parents directing them to call us or visit [myschoolconnected.com](https://myschoolconnected.com).

The background image shows a person's hand holding a white paper bill titled 'INTERNET BILL' and 'INVOICE ORDER'. In the background, a tablet displays a 'Personal Financial Manager' app with a section for 'INTERNET USAGE'. The tablet screen shows a circular gauge for 'Usage' at 64%, a bar chart for 'Usage' with a peak of 100%, and a line graph for 'Usage' with a peak of 100%. The text 'Families already have internet? Our program can save them \$\$\$' is overlaid on the tablet screen.

## Families already have internet? Our program can save them \$\$\$

- With our program you are not just limited to new customer signups. Your families with existing service can also be referred.
- Maybe your family has had Frontier and is tired of them or paying too much and wants to switch to Spectrum? You refer them to us, we close a sale, you get funded!

# Students rewards program available
